the proposed treaty with Colombia. The agreement was reached as a rebult of a clear understanding that in the case of Dr. Grayson, at least, the Democrats have sufficient votes with the aid of White House influence to confirm the the new cloture rule, it is apparent that ratification of the Colombian treaty would be an impossibility at the present extra session and it is extremely doubtful if anything but a protracted fight in which the physical endurance of both sides would be severely tested would bring about a decisive result.

The agreement to permit the con-

he agreement to permit the con ermation of the Grayson nomination was not unexpected and was withheld on the Republican side only to obtain the ar-rangement which would relieve Repubican members from an arduous against the Colombian treaty.

Sacramento, Cal., March 10.—Conjectural reports that Hiram Johnson plans to relinquish his United States Senatorship in favor of Chester H. Itowell of Fresno, national Republican committeeman, and to retain his present post as Governor brought forth a shower of denials to-day. The Governor performation of the nomination of Dr. Cary Grayson, the President's __sonal physical property of the country department of the country departme efan and aid, to be a medical director manding to know whether there was any of the navy, with the rank of Rear Admiral, and also the end of the Demogratic insistence upon the ratification of the State Progressive-Republican organisation to further his ambition to secure the Presidential nomination in 1920.
"One of the most remarkable political

canards that ever has been sprung on the American public," was the view ex-pressed by his secretary after an in-vestigation authorized by the Governor.

MYSTERY FIRE KILLS CHILD.

Found Burned to Death in a Kitchen Without Blaze,

Mrs. Marie Trummell of 242 East Third street was 22 years old yesterday, and late in the afternoon she took the money her husband had given her for a birthday present and went with her son, John, Jr., 3 years old, to a shoe store to buy the boy a pair of new shoes. She left her two-year-old daughter, Theresa, alone in the flat.

When Mrs. Trummell returned she found the little girl burned to death on the floor in the kitchen. There was no fire in the stove and no signs of a blaze in the kitchen, except that the Third street was 22 years old yesterday.

Denier, creator of the famous panto-) blaze in the kitchen, except that the mimes of yesterday and especially officioth upon which the girl's body lay famous as the original Humply Dumpty, on a shelf beyond reach of the child.
